

# Hal Johnson

July 14, 1948 - December 28, 2019

Hal Johnson, 71, born in Fresno, CA on July 14th, 1948 and passed away on December 28, 2019 in Hudson, CO due to complications of Cancer.

He was preceded in death by his father Clyde "Joe" Johnson. He is survived by his mother Myrtle "Peg" Johnson, his sister Vickie Predmore and husband Gary. He is also survived by his son Chris "Jeff" Johnson, and wife Stacy, his daughter Dawn "Dawna" Johnson, his grandchildren Brandi Gates, Mackenzie Johnson, Hunter Johnson, great grandchildren Leighlah Elder, Axle Elder and Diesel Elder and nephew Tyler Cooley and wife Jennifer.

Hal enjoyed the last several decades of his life in Arvada CO. He spent his free time building and flying remote controlled scale airplanes and restoring and rebuilding old cars. He was a longtime lover of boating, especially sailing. He strived for perfection in everything he did and encouraged others to do the same. He was hard working, dependable and had a wonderful sense of humor. Until the day he passed he loved his job at Carollo Engineers. He will be deeply missed by all who knew and loved him.

A memorial service to celebrate Hal's life will be held at 2:00 p.m. on Saturday, January 11, 2020 at the Moser Funeral Service Chapel, 3501 S. 11th Avenue, Evans, Colorado.

“ Hal and I met at the Binney Water Treatment facility in Aurora CO about 10 years ago. Hal was a very hard working, capable, versatile and pleasant coworker. We worked together from that time to just a few weeks ago. It didn't take long after we met to see we had a lot in common. He and I would share car articles, photos, rides in each others cars, and met at a few car shows. I will miss working and visiting with Hal. I was very impressed by his positive approach to life, even while he was fighting his health issues. Condolences to Hals Family and Friends. God Bless you up there Hal.

Your Friend Gary

“ Hal and I met the summer of 1966 at the A&W in Lakewood, we were both 17. We ended up going our own ways, marrying others and being blessed with children and grandchildren. Then in about 2009, we ran into each other again and eventually began a special loving friendship.

Hal was always excited about and loved talking about his cars, including his newest red convertible, his remote operated planes. He loved his sweet dog Morgan, always telling me about the most recent dinner and ice cream they shared. Hal loved all of his family and spoke of them all consistently, and talked about how much he loved working for Corolla Engineering - working even while he was too sick.

There were very few times when Hal was not excited about going to the newest movie just released, or having dinner at his endless list of familiar restaurants, or going to whatever antique car shows we could find. Even up to the end, he never gave up on getting better or on his dreams of achieving what he still wanted to do.

Hal will be missed forever; he was a gentleman, my friend, my confidant, my love. Until we meet again,

Linda Martin

“ I first met Hal in 1990, we became instant friends. We shared a great interest in Radio Control Models. I opened my store, HOBBY GIANT, in Arvada and he was one of my first customers. There was an instant Karma between us and we became great friends. He was a gentleman, a father, a grandfather and a great friend. He will be missed. Jim and Doris Shaw

“ It is an honor to have known and worked with Hal for the past several years. I could depend on Hal for just about anything. He was a trusted employee, and friend. We always enjoyed making each other laugh, at least once (and many times much more than that) in every conversation we had no matter how stressful - in construction, that makes for a deep relationship! Hal always asked about my family and sincerely cared about what was going on in my life - I cherish that quality of his. We always had something to talk about besides work. I will miss him greatly.

“ Working with Hal on projects in the front range was a great pleasure - Hal had the patience to teach me many things about the electrical world. It was also a great pleasure to hear about his new car projects and flying of model airplanes. He will be missed.

“ I have many memories of Hal, while working in North Platte, NE. Hal took me and taught me the skills that have lasted a lifetime. I helped him dig up may an old car frame which he turned into beautiful street rods. Heart felt condolences to the family. Rst in Peace, my friend, you have earned it.
