“ I was so saddened to read of the passing of Lola. I drive for SRS, and I took Lola many times in the last couple of years. She was such a classy & spiritual lady! She was SO positive even when tests indicated her health was failing. She told me she loved to bake cookies, and always gave me 2 cookies in a baggie when I picked her up. The last time I drove her she was looking forward to her Granddaughter taking her to say goodbye to her Niece. She treasured her loving family, and was SO proud of all of you! I was very disappointed I wasn't able to attend her memorial service. She touched my heart in a very special way. May God Bless ALL her precious family, and wrap His loving arms around each one of you.
My LOVE & prayers are with you all

“ Spending time with a loving person and full of life was a great way to experience life. While growing up I spent a lot of holidays and camping trips around her as the families merged together to create memories. There were times I spent a few days at her and Don's house with my cousins.

She always made sure you were taken care of. I also considered her one of my grandma's. She will be missed by everyone.

Love Greg
