“ My Aunt Michelle was my second mom, I am going to miss her so much! I still will never forget her letting me go out to start her car when I was 9 and her telling me to just start it to warm up, nothing else. Well me being a kid I put the car in drive, ran into her trailer and knocked it off the blocks. She was more worried about me being ok, not her trailer, her car or all the stuff that fell off the shelves and broke. She was always my shoulder to cry on, an open ear to listen to me whenever, no matter the time or how busy she was. She would always be truthful with me in her advice, no sugar coating. She will be missed but I know she will always be with me, looking down on me and my family. I love you Auntie, we are going to miss you.

“ Years back when Grant & Michelle moved in across the street , I didn't know then , what a good neighbor & friend she would come to be. I always admired how she took care of most everyone, & she really was one of those rare folk, that always put others needs ahead of their own. She was so kind and wonderful to me and the various people I've cared for here over the years. The older gent I care for now, really came to love and appreciated both Michelle and Grant, and always referred to them as "Mickey Mouse and Kodak"! He and I both will miss Michelle immeasurably, and our condolences go out to her beloved Grandson Jase, Grant, Tammy, Bobby , Kermit , and all of her family. The night before she passed, she brought me a Birthday card from all the fam, and a nice blouse that I just love! Art cherishes the kitten window ornaments she gave him

a few years ago for his bedroom window; they make him smile everyday!

Rest In Peace Mickey , We love you forever!!!

Jase - I do believe you got the best Guardian Angel a young man could ever hope to have!! She's got your back Jase, & her thoughts will be in your heart , to guide you through your life, she loved you more than anything!!
